A. These procedures are adopted to assure the prudent and economical use of public money, and to facilitate the acquisition of goods and services of maximum quality at the lowest possible cost and to guard against favoritism, extravagance, fraud and corruption.

B. The Purchasing Agent, and any other officer or employee of Herkimer County authorized to make or recommend purchase of goods and services, in cooperation with the Purchasing Agent, shall, in all appropriate cases, survey the marketplace to determine the probable cost of any goods and/or services required by the County. If it is deemed probable that the cost will exceed the aforesaid limits of $20,000.00 and $35,000.00 paragraph “I” shall control. In all other cases, these procedures shall be followed. The Purchasing Agent shall document action taken to make such determination when appropriate.

</tr>
</tbody>
</table>

E.  The above policies apply also to the Highway Department except that the requirement to consult with the Purchasing Department applies only to purchases requiring the specific authorization of the Legislature.

III.  AWARDING PURCHASES

A.  Proper documentation is required when the quote is not awarded to the vendor giving the lowest price. Quotes will be awarded to the lowest responsible and responsive vendor providing the goods are of equal values.

B.  Use of alternative purchasing methods including NYS Contracts, Contracts of other New York State Municipalities, “Piggybacking” on other governmental contracts, federal contracts, cooperative purchasing, preferred source, sole source and emergency purchases shall be governed by the provisions of New York State General Municipal Law, Sections 103, 104 or 104-B or State Finance Law, Section 162 or other applicable provisions of law and properly documented.

C.  Best Value: The specific non-price criteria to be used for Best Value purchases
must be detailed in the price solicitation and the analysis of the resulting quotes or bids using the specified criteria must be documented. The documentation should include cost benefit analysis where possible. Award for purchases can then be made to the bidder deemed to be the Best Value to the County with all of the aspects of the Purchasing Policy remaining the same, as per Herkimer County Local Law.

IV.  

A. All purchases of goods or services (except transcription services, utilities, unscheduled repairs and otherwise authorized services) require a purchase order. Contracts up to $10,000 may be signed by the department head provided all other purchasing policies, laws and resolutions of the Legislature are complied with and documented. All such contracts must be reviewed by Purchasing Department for compliance with Purchasing Policy prior to signing.

V. **PROFESSIONAL SERVICES PROCUREMENT POLICY**

Purchases of professional services, which are not required to be bid by State law, shall be governed by the following principles and practices:

A. Contracts shall be executed for professional services, when appropriate, to delineate the services to be rendered and the method and amount of payment.

B. Staff who seek approval to purchase professional services must seek to generate proposals to perform these services that are as appropriate to the County’s needs and as cost-competitive as possible, by use of RFP’s or RFQ’s, etc. RFQ’s may be used prior to RFP’s or independently.

C. The process to be followed in each new or renewal contract for professional services shall be proposed by the departmental staff person responsible for the services to the appropriate committee of the Legislature. The Purchasing Department must be copied (except for Highway fund requests) prior to consideration and approval by the appropriate Committee. The hiring of those professionals may be authorized by the appropriate committee up to $10,000. The full Legislature must approve professional services over $10,000 annually or if additional funds must be appropriated (such as with grants).

D. Where alternative quotes or proposals are obtained, awards to an entity other than the lowest proposer must be properly documented with the rationale/reason for rejection of the lowest price.

E. For certain types of procurements of professional services, the solicitation of alternative proposals or quotations would not be in the best interest of the County, for example, highly specialized services for which the number of qualified and
available professionals is limited. In those instances, the hiring of those professionals may be authorized by the appropriate committee up to $10,000 annually. The full Legislature must approve the contract if over $10,000 annually without alternative quotes or RFP’s after presentation to the committee of the justification for such a determination with the appropriate documentation.

F. Any and all procedures not specifically addressed in this policy shall be governed by Section 103 or 104-b of the General Municipal Law.

VI. Any purchases of goods or services from an employee of Herkimer County or an immediate family member must be approved by the appropriate committees of the Legislature in addition to all other requirements.

VII. The following employees are authorized to make general purchases for Herkimer County (The list must be updated bi-annually):
S. Ferdula, Budget Officer/Purchasing Agent
P. Lumia, Deputy Purchasing Agent
M. Nagele, County Highway Superintendent
J. Lindholm, Deputy County Highway Superintendent

All purchases from new federal awards and incremental funding to existing awards must comply with Uniform Guidance requirements outlined in Title 2 of the Code of Federal Regulations, Subtitle A, Chapter II, Part 200. The following procedures will be incorporated and in addition to the Herkimer County Purchasing Policy.

STANDARDS OF CONDUCT
• No employee, officer, or agent will participate in the selection, award, or administration of a contract supported by federal monies if he or she or any member of his or her immediate family is employed or about to be employed, or a partner, officer or agent in the contracting organization or has a financial or other interest in or will receive a tangible personal benefit from a firm considered for the contract.
• Officers, employees and agents must neither solicit nor accept gratuities, favors or any item of monetary value from contractors or parties to subcontracts.

PRE - PROCUREMENT PROCEDURES
• Measures must be taken to avoid any duplicate or unnecessary purchases of services, equipment or supplies.
• Look for opportunities to consolidate or split up purchases to save money or time and document your findings.
- Weigh the options of leasing and purchasing to discover which is more economical.
- Utilize State and Federal contracts to obtain the best aggregate pricing.
- Investigate State and Federal surplus auctions.

COMPETITION
- Procurements must be conducted in a manner providing full and open competition.
- In order to eliminate unfair competitive advantages the following restrictive practices are prohibited:
  - Placing unreasonable requirements on firms in order for them to qualify to do business
  - Requiring unnecessary experience and excessive bonding
  - Noncompetitive pricing practices between firms or between affiliated companies
  - Noncompetitive contracts to consultants that are on retainer contracts
  - Organizational conflicts of interest
  - Specifying a “brand name” product instead of allowing an equal product to be offered and describing the performance or other relevant requirements of the procurement
  - Any arbitrary action in the process.

PROCUREMENT METHODS
- Purchases up to $3,000 (Micro Purchases)
  - The purchase of supplies or services where the aggregate amount does not exceed $3,000 should follow normal Herkimer County Purchasing Policy procedures.
- Purchases between $3,000 and $150,000 (Small Purchases)
  - Procedure should be based on existing Herkimer County Purchasing Policy procedures.
- Purchases over $150,000
  - Sealed bids
    - Complete, adequate, realistic specifications
    - Two or more bidders must be willing and able to compete for the business
    - The procurement must lead to a firm fixed price contract and selection must be based on price.
  - Competitive Proposals
    - Used when conditions are not appropriate for sealed bids
    - Requests for proposals must be publicized and identify evaluation factors and their importance.
    - Must be solicited from an adequate number of sources
    - Must have a written method for technical evaluations and selection
    - To be used for qualifications based procurement of architectural/engineering professional services
  - Non-Competitive Proposals
    - Proposal from only one source
    - The item or service is only available from one source
    - An emergency for the requirement will not permit a delay resulting from competitive solicitation
After solicitation from a number of sources, competition is determined inadequate.

SMALL, MINORITY AND WOMENS BUSINESS ENTERPRISES OR LABOR SURPLUS FIRM
- Affirmative action steps must be taken to assure that minority and women owned enterprises and labor surplus area firms are used whenever possible.
  - Place small and minority businesses and women owned businesses on solicitation lists
  - Assure small and minority businesses and women owned businesses are solicited when they are potential bidders.
  - Divide contract requirements into smaller tasks or quantities to permit maximum participation
  - Establish delivery schedules that encourage small and minority businesses and women owned businesses
  - Utilize the Small Business Administration and the Minority Business Development Agency and the Department of Commerce
  - Require prime contractors to take affirmative steps when dealing with subcontractors.

RECOVERED MATERIALS
- Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, requires Political Subdivisions to procure only items designated in the guidelines of the Environmental Protection Agency at 40 CFR part 247. Items exceeding $10,000 in purchase price or value, must contain the highest percentage of recovered materials consistent with maintaining a satisfactory level of competition

CONTRACTS COST AND PRICE
- Every procurement in excess of the Simplified Acquisition Threshold ($150,000) must have a cost or price analysis including modifications to existing contracts. An estimate should be created before proposals are solicited.
- Profit must be negotiated as a separate element of the price for contracts in which there is no price competition and in every case where cost analysis is performed.
- Costs or prices based on estimations are only allowable to the extent that costs incurred or cost estimates included in negotiated prices are allowable if the County has requested prior approval which should include the timeframe or scope of the agreement and be submitted not less than 30 days before the requested action is set to occur.
- Adjustments to the indirect cost rates resulting from a determination of unallowable costs being included in the rate proposal may result in the reissuance of the negotiated rate agreement.
- Financial records, supporting documents, statistical records and all other records pertaining to the award must be retained for a period of three years from the date of submission of the final expenditure report, or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as reported to the Federal awarding agency or pass through entity in the case of a sub recipient. The following exceptions apply:
If a litigation, claim or audit is started or filed in the three year period, records must be kept until it has been resolved.
- When notified by the Federal Agency to extend the retention
- Records for real property and equipment must be retained for 3 years after disposal
- If records are transferred to or maintained by the Federal awarding agency or pass through entity
- Program income transactions after the period of performance must be retained starting from the end of the County’s fiscal year in which the program income is earned.
- Negotiated indirect cost rate proposals, cost allocations plans and similar reports must be retained for the 3 year period from the date of submission.
- Non negotiated reports must be retained for 3 years from the end of the fiscal year covered by the plan.

**FEDERAL AWARDING AGENCY OR PASS THROUGH ENTITY REVIEW**

- The County must make available upon request the technical specifications on proposed procurements where the Federal awarding agency or pass-through believes such a review is needed to ensure the item or service is the one being proposed.
- The County must make available pre procurement documents when:
  - Procurement procedures or operations fail to comply with standards
  - The procurement exceeds the Simplified Acquisition Threshold and is to be awarded without competition
  - The procurement specifies a “brand name”
  - The contract is to be awarded to any other than the low bidder
  - A modification changes the scope of a contract or increases the amount by more than the Simplified Acquisition Threshold
- The County may request a review to ensure compliance with the standard.
- The County may “self-certify” its procurement system, however, such certification must not limit the Federal agency’s right to survey the system.

**BONDING REQUIREMENTS**

- The County bonding policy for construction or facility improvement contracts or sub contracts exceeding the Simplified Acquisition Threshold may be accepted by the Federal awarding agency if they make the determination that the Federal interests are protected.
- Bids must contain a bid bond, certified check or other negotiable instrument equivalent to 5% of the bid as a guarantee.
- Performance bonds covering 100% of the contract must be issues in the event the contractor defaults.
- Payment bonds covering 100% of the contract to ensure payment of all persons supplying labor and materials.

**REQUIREMENTS FOR PASS THROUGH ENTITIES**

- The County may receive concurrent Federal awards as a recipient, a sub recipient and a contractor depending on its agreements with the Federal Agency and pass through entity. A
determination must be made on a case by case basis whether agreements made for
distribution of program funds cast the party receiving the funds in the role of a sub
recipient or a contractor.
  o Sub recipients – the County must identify:
    ▪ Name
    ▪ Entity identifier (EIN)
    ▪ Federal Award Identification Number
    ▪ Period of performance
    ▪ Amount of Federal Funds Obligated to the sub recipient
    ▪ Total amount of Federal funds obligated to the sub recipient including the
current award
    ▪ Federal award project description
    ▪ Name of the Federal awarding agency, pass through entity and contact
      information of awarding official of the pass through entity.
    ▪ The dollar amount of each Federal award and the CFDA number at the time
      of Disbursement
    ▪ Whether the award is R & D and indirect cost
    ▪ All requirements imposed by the County on the sub recipient so that t the
      Federal award is used in accordance with Federal statutes, regulations and
      the terms and conditions of the award.
    ▪ Any additional requirements to meet the County’s own responsivity to the
      Federal Agency
    ▪ An approved federally recognized indirect cost rate negotiated between the
      sub recipient and the Federal Government, or if no rate exists, the rate
      negotiated between the County and the sub recipient
    ▪ A requirement that the sub recipient permit the County and auditors to have
      access to the sub recipients records and financials as necessary
    ▪ Appropriate terms and conditions concerning closeouts.
• The County must evaluate each sub recipient’s risk of noncompliance for the purpose of
determining the appropriate monitoring which may include factors such as:
  o Prior experience with same or similar sub awards
  o Previous audit results
  o Changes in personnel or systems
  o Results of the Federal Award agency monitoring – if sub recipient receives other
    awards
• The County should consider imposing specific conditions upon the sub recipient if
  appropriate
• The County should monitor the activities of the sub recipient to ensure the sub award is
  used for the intended purpose and goals are achieved by:
  o Monitoring financial statements and performance reports
  o Follow up on deficiencies notes through audits, review and other means.
  o Issue a Management Decision for findings pertaining to the award
• The following monitoring tools may be helpful to ensure proper accountability and
  compliance:
  o Providing sub recipients with training and technical assistance on program related
    matters
Performing on site reviews of the sub recipients program operations  
Arranging for agreed upon procedure engagements

- The County should verify that every sub recipient is audited as required by Subpart F – Audit requirements set forth in 200.501
- The County should consider whether or not the sub recipients audit results, on site reviews or other monitoring indicate conditions that necessitate adjustments to the County’s own records.
- Take enforcement action against non-compliant sub recipients as described in 200.338.

**CONTRACT PROVISIONS**

- The County contracts must contain the applicable provisions described in Appendix II to Part 200, Contract Provisions for Non-Federal Entity Contracts (attached).

HERKIMER COUNTY LEGISLATURE

No. 94

RESOLUTION OPPOSING THE GOVERNOR’S PROPOSED MEDICAID COST-SHIFT AND CALLING ON THE GOVERNOR AND NEW YORK STATE LEGISLATURE TO PRESERVE THE ZERO PERCENT MEDICAID GROWTH CAP

Sponsored by:  Committee on Administration/Veterans’ Affairs
                Committee on Ways & Means

WHEREAS, Medicaid is the single largest driver of property taxes in the Herkimer County budget; at $13.2 million per year, an amount equivalent to 51.2% of the county’s 2020 property tax levy; and

WHEREAS, when created by the federal government in 1966, this health insurance program for the poor and disabled was intended to be funded by the federal and state governments, but New York State opted to force counties to pay half the State’s share; and

WHEREAS, the required county and New York City payment is now $7.6 billion annually; and

WHEREAS, the local share of Medicaid funding paid in New York is the highest of any state in the country, and is more than what 43 individual states pay in state share for their Medicaid programs; and

WHEREAS, this large local funding share for Medicaid and other state programs is a major contributor to New York’s high local tax burden compared to other states; and

WHEREAS, in 2005 the Governor and legislative leaders recognized the fiscal burden the financing of Medicaid is for local taxpayers and initiated steps to relieve part of that burden by capping the growth in local costs in this program; and

WHEREAS, one of the most prominent property tax reduction and mandate relief initiatives in state history was Governor Cuomo’s establishment of the zero percent Medicaid growth cap in 2015; and

WHEREAS, due to rising costs of health services and pharmaceuticals, and due to New York State’s expansion of Medicaid services and mandatory raises for health care workers, the Medicaid budget is facing billions of dollars in annual deficits over the next several years; and

WHEREAS, the Governor’s Executive Budget Recommendation is proposing a variety of ways to address this fiscal shortfall, including cost-shifting the State’s financial responsibilities onto county property tax payers by; and
• Taking county governments’ federal enhanced Medicaid match savings;

• Forcing counties to pay for Medicaid growth if counties breach the state property tax cap;

• Shifting the local share of Medicaid growth above 3% to counties, if counties cannot contain costs under 3%; and

WHEREAS, counties do not have the tools nor authority to control the Medicaid program growth; some of these limitations include:

• The ability to audit the Medicaid program;

• The ability to control the cost of prescription drugs;

• The ability to set provider reimbursement rates;

• The ability to modify eligibility and benefit levels for Medicaid recipients;

• The ability to control changing demographics across the state;

• The ability to control provider contracts; and

WHEREAS, if state experts in the Medicaid program are unable to develop solutions to control growth in the Medicaid program, it will be impossible for counties to do so, since they do not have this authority to control costs; and

WHEREAS, if enacted, the Governor’s proposals will, in effect, nullify the property tax cap; now, therefore be it

RESOLVED, that the Herkimer County Legislature opposes the cost-shifts and the taking of eFMAP federal funds for counties proposed by the Governor, and urges the Governor and legislative leaders to maintain the zero percent Medicaid growth cap for counties and New York City as they address state budget shortfalls in order to keep downward pressure on the local tax burden; and, be it further

RESOLVED, that certified copies of this Resolution be forwarded to the Governor of the State of New York, Senator James L. Seward, Senator James Tedisco, Assemblyman Robert Smullen, Assemblyman Brian Miller, Assemblywoman Marianne Buttenschon, and New York State Association of Counties.
