WHEREAS, Advanced Healthcare Management, LLC, has submitted a proposal to the County of Herkimer to purchase the Country Manor premises located on the east side of New York State Route 28 in the Town of Herkimer; and

WHEREAS, that contract calls for a purchase price of \$335,000.00, to be paid as follows: if purchaser defaults, sells or closes the facility within the first year from the execution of a promissory note in that amount, the amount due and owing would be \$335,000.00; in the event of a default, sale or closing the facility between one and two years, the principal amount due and owing would be \$268,000.00; in the event of a default, sale or closing of the facility within two and three years, the principal due and owing would be \$201,000.00; in the event of a default, sale or closing of the facility between three and four years from the execution of a promissory note, the amount due and owing would be \$134,000; in the event of a default, sale or closing of the facility between four and five years from the execution of a promissory note, the amount due and owing would be \$67,000.00; and

WHEREAS, the contract will further provide that in the event there is no event of default, sale of the property or closure of the facility during the five year term of the promissory note, then the note will be deemed to be of no further force and effect; and

WHEREAS, the contract will further provide for a mortgage on the premises in the amount of the Note; payments of a transition fee of \$18,000.00 per month for the term of one year to be memorialized by a promissory note; that the purchaser at its option may elect to offer employment after the closing to employees of the seller but is under no obligation to do so and is not bound by any collective bargaining agreement or employee benefit plan of the County; that the closing would take place within seven months of the date of the agreement in the Village of Herkimer, Herkimer County, New York; that equipment and inventory and the premises be sold in "as is" condition; that the purchase is subject to the obtaining of necessary permits and approvals from the New York State Department of Health; that the purchaser would have forty-five days to make any and all necessary examinations and investigations; that the purchase is subject to purchaser obtaining a twenty year abatement of property taxes for the property from the Herkimer County Industrial Development Agency; that purchaser may cancel the agreement for any reason during the forty-five day inspection period; and that purchaser will allow the current residents of the facility to remain residents of the facility so long as their needs can be met in accordance with all state and federal health care regulations; and

WHEREAS, this Legislature believes that accepting the proposal would accomplish the dual purposes of limiting the disruptions to the lives of the residents of the Country Manor and their families by allowing them to remain in the facility, but at the same time achieving substantial savings for the taxpayers of the County by avoiding future substantial deficits which would result from continuing to operate the facility, and it is therefore in the best interests of Herkimer County and the residents of the Country Manor to enter into such a contract; now, therefore, be it

RESOLVED, that the Chairman of this Legislature is hereby authorized to enter into an Asset Purchase Agreement containing the above terms and conditions, together with such other terms and conditions which are consistent with the above as shall be negotiated with the approval of the County Attorney regarding the specifics of the agreement; and, be it further
