COUNTY PLANNING & DEVELOPMENT:

Mr. Ackerman: "There is one thing on the agenda to set the Public Hearing in connection with an application for CDBG Funding. John Piseck, I know you are on the line. Would you like to speak on this real quick?"

John Piseck: "Sure. Once again, thank all of you, the Legislature as well as Mr. Wallace for helping move this through. There is a grant available for studies and what we would like to do is a food processing study for here in Herkimer County with all of the resources we have available we feel it's a good fit. We've actually had conversations with people at Homes and Community Renewal and they were very much in favor of it. So we need the Legislature to schedule the hearing like we have done in the past."

Mr. Ackerman: "Anymore questions?"

Mr. Manno: “What is the processing? Is it a slaughter house?”

John Piseck: “No, it could be anything. It could be dairy, it could be cheese, it could be soda, it could be anything to do with food processing.”

Mr. Manno: “Okay. That’s good.”
